E. Attendance Policy

Regular attendance and active participation help singers grow musically, strengthen our choir community, and ensure everyone feels confident and prepared for performances.

- Choir members are encouraged to attend rehearsals regularly and remain present, attentive, and engaged throughout the rehearsal. To help create a positive and productive learning environment, please keep side conversations to a minimum during rehearsal time.
- If you expect to miss more than three rehearsals in a term, please connect with the Musical Director. Together, you can discuss how best to support your continued participation and readiness for performances.
- If you will be absent, please let your Section Leader or designate know in advance whenever possible. Attendance will be recorded weekly by Section Leaders or their designates.
- Choir members are expected to follow the choir's Safe Singing Plan, including the Communicable Disease Plan and any health screening protocols in place. If you are feeling unwell, please stay home and take the time you need to recover.
